Narowal, Punjab , Pakistan

Objective

Passionate and results-driven Frontend Developer with one year of professional experience. Skilled in developing responsive, user-friendly web applications using HTML, CSS, JavaScript, and modern front-end frameworks like React.js. I have a strong understanding of cross-browser compatibility, accessibility standards, and UI/UX design principles. Seeking to leverage my skills in a dynamic environment to build innovative, high-quality web solutions.

Professional Experience

Frontend Developer Intern

Tech Minds

July 2024 - Oct 2024

- Developed responsive, interactive, and visually appealing websites for clients across various industries.
- Collaborated closely with designers and backend developers to integrate APIs and ensure seamless UI/UX.
- Utilized **React.js**, **TypeScript**, **JavaScript**, **HTML5**, and **CSS3** for creating engaging web applications.
- Ensured cross-browser compatibility and optimized performance of web applications.
- Implemented **Material UI**, **Tailwind CSS**, and **Framer Motion** for dynamic layouts and animations.
- Debugged and troubleshooted front-end issues to improve user experience and functionality.

Frontend Developer Intern + Work

Ehsas Lab

Jan 2022 – Oct 2023

- Built and maintained websites including personal portfolios, blogs, and review platforms using **HTML**, **CSS**, and **JavaScript**.
 - Created a dynamic image gallery with advanced features like filtering, searching, and lightbox effect.
 - Designed responsive web pages for restaurant and review platforms, focusing on interactive user interfaces.
 - Developed user dashboards with notification systems and community interaction features using **React.js**.
-

Key Projects

- **Personal Portfolio Website:** Developed and designed a personal portfolio showcasing skills, experience, and projects.

- **Blog Website:** Created a dynamic blog site allowing users to publish articles, browse content, and share posts.
 - **Dynamic Image Gallery:** Implemented a responsive image gallery with features like filtering, searching, and full-screen lightbox viewing.
 - **Book Review Platform:** Developed a website for book reviews, featuring submission forms, rating systems, and community discussions.
 - **Restaurant Website:** Designed a responsive restaurant website with an interactive menu, homepage, and contact page.
 - **Tech Minds Website:** Built and optimized the company's website, focusing on performance and cross-browser compatibility.
-
